

SUPPORTING UKRAINE TOGETHER

THANK YOU!

Thanks to the generosity of our donors, the Carpathian Foundation-Hungary is able to be a source of financial support for civil society organizations that conduct programs that provide help for refugees and internally displaced people, with special attention to the Roma and other vulnerable groups, such as children. Additionally, we are able to provide assistance in immediate times of need by aiding organizations that prioritize the health and safety of refugees from Ukraine.

We would not be able to mobilize these resources without your immense support!

HOW DO WE SERVE?

Collecting Money and Resources

Due to the urgency of the current Ukraine crisis, the Foundation is devoting its efforts toward supporting and assisting our neighbors by generating and mobilizing resources to deliver in-kind donations to Ukraine based on the request of our sibling foundation, the "Carpathian Foundation Ukraine". By personally delivering the supplies, we guarantee effective distribution and impact on the lives of those in need.

Grant Program

We support community-based initiatives located in the Carpathian region of Hungary aimed at helping those in desperate situations. Our efforts are targeted at groups such as war refugees from Ukraine and those facing a lack of equality. Through our grant programs, we are able to provide relief for a more expansive demographic and impact a larger percentage of the community. Nearly 45 million forints have been spent to fund community-building projects, ranging from medical assistance to humanitarian aid.

Special Projects

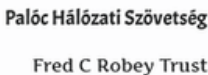

We have been able to multiply the impact on the societies within the Carpathian region and hope to continue our expansion. One of our recent projects includes buying and delivering ambulances and other medical supplies, medicine, etc., to Ukraine as humanitarian aid. As of May 2023, we have delivered five ambulances and an emergency room. Currently, we are working on providing the resources to Ukrainian regions that have been the most impacted by the war. We consult with hospitals and many professionals to help us.

The mission of the Carpathian Foundation-Hungary is to improve the quality of life of people living in the Carpathian Euroregion and to preserve their social, ethnic, cultural, and environmental values, and also their sustainable development. Carpathian Foundation-Hungary encourages cooperation among non-profit, governmental, and profit-oriented organizations through its programs and projects. Its goal is to strengthen social consciousness and regional identity by strengthening their inherent values. The Foundation engages in both grant-making and programmatic activities, and since its establishment has granted a total of 16 million USD to hundreds of NGOs and LSGs.

OUR IMPACT

Initiatives

Carpathian Emergency Response Fund for Ukrainians

Mobilizing and delivering in-kind donations (food, clothes, medical supplies, hygienic products, etc.)

Medical Assistance to Ukraine

Medical help for Ukraine (ambulances and emergency rooms)

Grant program for supporting civic initiatives in northeast Hungary that aid refugees and their wellbeing (with a special focus on Roma communities and children)

1 Million HUF to Ukrainian Refugees

Results

Funds raised from bigger foundations:

250 000 EUR

People served by ambulances:

Direct: Around 10 people per ambulance daily

Indirect: Up to 100 000 people

People served by the projects/supported civil society organizations:

3000 people

People and refugees impacted by the in-kind donations:

6000 people

Money raised from individuals, private investors, and smaller companies:

10 000 000 HUF

Funds raised specifically for ambulances:

40 000 000 HUF

Delivery of material donations to Ukraine:

20 000 000 HUF

Support for projects in northeastern Hungary

45 000 000 HUF

A separate team has been set up and is responsible for the organization and management of the whole process from fundraising to administration, purchasing, and delivering of cars to Ukraine

Please Support Our Efforts!
